## ARRANGEMENT REGARDING BOVINE MEAT

### PREAMBLE

Convinced that increased international co-operation should be carried out in such a way as to contribute to the achievement of greater liberalization, stability and expansion in international trade in meat and live animals;

Taking into account the need to avoid serious disturbances in international trade in bovine meat and live animals;

Recognizing the importance of production and trade in bovine meat and live animals for the economies of many countries, especially for certain developed and developing countries;

Mindful of their obligations to the principles and objectives of the General Agreement on Tariffs and Trade (hereinafter referred to as "General Agreement" or "GATT")<sup>1</sup>;

Determined, in carrying out the aims of this Arrangement to implement the principles and objectives agreed upon in the Tokyo Declaration of Ministers, dated 14 September 1973 concerning the Multilateral Trade Negotiations, in particular as concerns special and more favourable treatment for developing countries;

The participants in the present Arrangement have, through their representatives, agreed as follows:

### PART ONE

#### GENERAL PROVISIONS

##### Article I - Objectives

The objectives of this Arrangement shall be:

- (1) to promote the expansion, ever greater liberalization and stability of the international meat and livestock market by facilitating the progressive dismantling of obstacles and restrictions to world trade in bovine meat and live animals, including those which compartmentalize this trade, and by improving the international framework of world trade to the benefit of both consumer and producer, importer and exporter;

---

<sup>1</sup>This provision applies only among GATT contracting parties.

2. Participating developing countries shall furnish the information available to them. In order that these countries may improve their data collection mechanisms, developed participants, and any developing participants able to do so, shall consider sympathetically any request to them for technical assistance.
3. The information that the participants undertake to provide pursuant to paragraph 1 of this Article, according to the modalities that the Council shall establish, shall include data on past performance and current situation and an assessment of the outlook regarding production (including the evolution of the composition of herds), consumption, prices, stocks of and trade in the products referred to in Article II, and any other information deemed necessary by the Council, in particular on competing products. Participants shall also provide information on their domestic policies and trade measures including bilateral and plurilateral commitments in the bovine sector, and shall notify as early as possible any changes in such policies and measures that are likely to affect international trade in live bovine animals and meat. The provisions of this paragraph shall not require any participant to disclose confidential information which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of particular enterprises, public or private.
4. The secretariat of the Arrangement shall monitor variations in market data, in particular herd sizes, stocks, slaughterings and domestic and international prices, so as to permit early detection of the symptoms of any serious imbalance in the supply and demand situation. The secretariat shall keep the Council apprized of significant developments on world markets, as well as prospects for production, consumption, exports and imports.

Note: It is understood that under the provisions of this Article, the Council instructs the secretariat to draw up, and keep up to date, an inventory of all measures affecting trade in bovine meat and live animals, including commitments resulting from bilateral, plurilateral and multilateral negotiations.

Article IV - Functions of the International  
Meat Council and Co-operation between the  
Participants to this Arrangement

1. The Council shall meet in order to:
  - (a) evaluate the world supply and demand situation and outlook on the basis of an interpretative analysis of the present situation and of probable developments drawn up by the secretariat of the Arrangement, on the basis of documentation provided in conformity with Article III of the present Arrangement, including that relating to the operation of domestic and trade policies and of any other information available to the secretariat;

- (b) proceed to a comprehensive examination of the functioning of the present Arrangement;
- (c) provide an opportunity for regular consultation on all matters affecting international trade in bovine meat.

2. If after evaluation of the world supply and demand situation referred to in paragraph 1(a) of this Article, or after examination of all relevant information pursuant to paragraph 3 of Article III, the Council finds evidence of a serious imbalance or a threat thereof in the international meat market, the Council will proceed by consensus, taking into particular account the situation in developing countries, to identify, for consideration by governments, possible solutions to remedy the situation consistent with the principles and rules of GATT.

3. Depending on whether the Council considers that the situation defined in paragraph 2 of this Article is temporary or more durable, the measures referred to in paragraph 2 of this Article could include short-, medium-, or long-term measures taken by importers as well as exporters to contribute to improve the overall situation of the world market consistent with the objectives and aims of the Arrangement, in particular the expansion, ever greater liberalization, and stability of the international meat and livestock markets.

4. When considering the suggested measures pursuant to paragraphs 2 and 3 of this Article, due consideration shall be given to special and more favourable treatment to developing countries, where this is feasible and appropriate.

5. The participants undertake to contribute to the fullest possible extent to the implementation of the objectives of this Arrangement set forth in Article I. To this end, and consistent with the principles and rules of the General Agreement, participants shall, on a regular basis, enter into the discussions provided in Article IV:1(c) with a view to exploring the possibilities of achieving the objectives of the present Arrangement, in particular the further dismantling of obstacles to world trade in bovine meat and live animals. Such discussions should prepare the way for subsequent consideration of possible solutions of trade problems consistent with the rules and principles of the GATT, which could be jointly accepted by all the parties concerned, in a balanced context of mutual advantages.

6. Any participant may raise before the Council any matter<sup>2</sup> affecting this Arrangement, inter alia, for the same purposes provided for in paragraph 2 of this Article. The Council shall, at the request of a participant, meet within a period of not more than fifteen days to consider any matter<sup>2</sup> affecting the present Arrangement.

---

<sup>2</sup>Note: It is confirmed that the term "matter" in this paragraph includes any matter which is covered by multilateral agreements negotiated within the framework of the Multilateral Trade Negotiations, in particular those bearing on export and import measures. It is further confirmed that the provisions of Article IV, paragraph 6, and this footnote are without prejudice to the rights and obligations of the parties to such agreements.

PART TWO

Article V - Administration of the Arrangement

1. International Meat Council

An International Meat Council shall be established within the framework of the GATT. The Council shall comprise representatives of all participants to the Arrangement and shall carry out all the functions which are necessary to implement the provisions of the Arrangement. The Council shall normally meet at least twice each year. However, the Chairman may call a special meeting of the Council either on his own initiative, or at the request of a participant to this Arrangement.

3. Decisions

The Council shall reach its decisions by consensus. The Council shall be deemed to have decided on a matter submitted for its consideration if no member of the Council formally objects to the acceptance of a proposal.

4. Co-operation with other organizations

5. Admission of observers
