Add the following to Mr. THAAGARD's statement:

"The Norwegian Delegation considered this solution satisfactory. They felt that better results could be obtained by this more flexible method than by laying down fixed general rules for decisions concerning possible cases of conflicting interests between the Community and other contracting parties. The Norwegian Delegation accepted the proposed decision in the expectation that the Schuman Plan would be carried out in a constructive way and in accordance with the provisions of the Treaty and the proposed decision to the benefit of both member States and third countries."
