Page 4 - last paragraph

The following sentence should be added at the end of the last paragraph:

Noting the divergence of views on the machinery to be set in motion, one representative suggested that the GATT secretariat be requested to assemble, with the co-operation of contracting parties, data on recent developments in the meat market, without prejudice at the current stage to any later decisions as to the forum to be selected.

The last sentence of the fourth paragraph should be amended to read as follows:

With respect to the reference to a distortion in the balance of advantages and obligations under the GATT, the Community considered, for its part, that there was such a distortion to its disadvantage in that practically all its imports were taking place freely whereas on the Polish side the trade régime was, to say the least, lacking in transparency.
